GO green, go green – these days everyone wants to be eco-friendly and we hope that's not just a talking point. The event marked the beginning of a collaboration between Anita Dongre Design Limited and Birla Cellulose. Present for the launch at the And store were, among others, Isha Koppikar and Neetu Chandra, who came dressed in LivaViscose outfits. Well, the designer extended her environment friendly attitude and served organic food and beverages. Not bad, we say!
